ANCC’s Credentialing Knowledge Center® provides educational products to support nurses in obtaining and maintaining professional certification.

For more information, go to your ANCC certification specialty page at www.nursecredentialing.org and look in the left-hand column for Study Aids and Continuing Education.
Review Courses
Intended use: Study Aid and CE
Review Courses are high-quality ANCC certification exam preparation courses and can also be used as a general refresher course for continuing education (CE) credit. Courses are based on ANCC certification exam test content outlines and can be taken in person or through distance learning. Review courses can also be hosted on site at hospitals.

Test-Taking Strategies Course
Intended use: Study Aid
This course focuses on ways to prepare for computer-based nursing exams and includes strategies for more than a dozen critical test-taking skills. Also included are 50 general nursing practice questions. CE is not offered.

Nursing Theories Courses
Intended use: Study Aid and CE
Nervous about the nursing theories portion of the test content outline? This course provides an overview of several grand theories, conceptual models, and middle-range theories of nursing, including nursing theories for advanced nursing practice.

Two Birds, One Stone
Does your certification require CE to apply? Most ANCC Exam Preparation Series materials include CE credits, so you can earn the credits you need for your application while you study!

Study Aid Guarantee
If you purchase an ANCC review course workshop or webinar and do not pass your ANCC certification exam the first time, we’ll give you an additional ANCC exam preparation product for free!* 

Online Practice Questions and Answers
Intended use: Study Aid
The Credentialing Knowledge Center* offers sets of expert-written online practice test questions and answers for purchase in an online format that simulates a computer-based testing environment.

Study Aid Disclaimer
Using any of the products listed in this brochure is not a requirement to sit for an actual certification examination. Completion of these or any other study aid product does not imply eligibility for certification or successful performance on any certification examination.

*This guarantee applies for 1 year from the date of the review course and is based on the availability of the selected exam preparation product. It applies to ANCC review courses and ANCC board certification exams only. If a review course is chosen, the registration fee is waived; travel expenses and re-test fees are not included. Contact livesemr@ana.org.

The pharmacology update series keeps you abreast of current best practices in prescription use. Each course meets for 90 minutes via webinar and provides CE that can be used toward the pharmacology requirement for any ANCC APRN certification renewal. New course topics are added throughout the year. Please see website for current list.

Visit your certification web page for the most comprehensive list of topics and the current schedule: www.nursecredentialing.org/certification

Sample topics:
- Cost-Effective Prescribing
- Dementia: Assessment and Treatment
- Dermatologic Pharmacology
- Herbal Supplements and Drug Interactions
- HIV
- Immunizations Overview: Across the Lifespan
- Men’s Health Pharmacology
- Pharmacokinetics
- Pharmacotherapy for Major Depressive Disorder
- Polypharmacy
- Resuscitation Pharmacology
- Rx Interactions with Food, OTC Drugs, Vitamins, and Herbals
- Safe Prescribing for the Elderly
- Safe Prescribing of Opioid Medications
- STD Detection, Prevention, and Treatment
- Tuberculosis
- Urinary Incontinence

Offers vary by certification specialty. Please consult the chart on the back to see what resources are available.
